

TABLE OF CONTENTS

SECTION 1

Introduction

1.1	The Purpose of the Manual	2
1.2	The Nature of Landscape Restoration	2
1.3	Principles of Landscape Restoration	3
1.4	How To Use This Manual	5

SECTION 2

Developing a Restoration Strategy

Step 1	Determine Regional Context	9
Step 2	Inventory and Evaluate Site Conditions	13
Step 3	Set Restoration Objectives	28
Step 4	Draw up the Restoration Plan	33
Step 5	Implement, Manage and Monitor	44

SECTION 3

Wetlands

3.1	Site Characteristics and Typical Plant Associations	53
3.2	Design Considerations	60
3.3	Creating or Rehabilitating Lacustrine Marshes	62
3.4	Creating or Rehabilitating Palustrine Marshes	70
3.5	Creating or Rehabilitating Isolated Marshes	73
3.6	Seed Collection and Propagation	75
3.7	Transplanting Aquatic Macrophytes	77
3.8	Dealing with Problem Species	80
3.9	Management	82
3.10	Monitoring	82

SECTION 4

Meadows and Grasslands

4.1	Site Characteristics and Typical Plant Associations	85
4.2	Design Considerations	88
4.3	Restoration Options and Techniques	91
4.4	Management	96
4.5	Monitoring	99

SECTION 5

Woodlands

5.1	Site Characteristics and Typical Plant Associations	101
5.2	Design Considerations	104
5.3	Restoration Options and Techniques	108
5.4	Restoration of Degraded Habitat	116
5.5	Management	119
5.6	Monitoring	122

SECTION 6

Riparian Zones

6.1	Site Characteristics and Typical Plant Associations	125
6.2	Design Considerations	129
6.3	Restoration Techniques for Terrestrial Habitat	131
6.4	Restoration Techniques for Aquatic Habitat	135
6.5	Ponds in a Stream System	139
6.6	Management	140
6.7	Monitoring	140

SECTION 7

Pit and Quarry Restoration

7.1	Site Characteristics	143
7.2	Design Considerations	144
7.3	Restoration Options and Techniques	145
7.4	Management	149
7.5	Monitoring	149

SECTION 8

Stormwater Management

8.1	Site Characteristics	151
8.2	Design Considerations	152
8.3	Restoration Options and Techniques	155
8.4	Management	158
8.5	Monitoring	158

APPENDIX

Appendix I:	Selected General References	161
Appendix II:	Common Plant Species of Marshes	162
Appendix III:	Common Native Plant Species of Bogs	165
Appendix IV:	Common Native Plant Species of Meadows	166
Appendix V:	Common Non-Native Plant Species of Meadows	168
Appendix VI:	Indicator Plant Species for Prairies	170
Appendix VII:	Common Woodland Species	172
Appendix VIII:	Common Riparian Species	174
Glossary		177
